

## Room Descriptions

All rooms in our inn offer ocean views, private bathrooms, free Wi-Fi, free parking, in room refrigerators, TV, AC, hair dryers and, of course, breakfast. All but one (Loblolly) have electric fireplaces and en-suite bathrooms.

Choose the room that best suits your needs and desires.

Maximum occupancy for each room is 2 people unless noted.

Second and third floor rooms are accessible by stairs. (We do not have an elevator.)

### First Floor

**The Old Garden Beach Room** is our only room on the first floor. It is a large, elegant room with a limited water view from the bay window. It has a queen sized bed and a pair of black leather wing chairs in front of the electric fireplace. The en-suite bathroom has a bathtub/shower combination (with grab bars) and a pedestal sink.

### Second Floor

**The Loblolly Cove Room** is a cozy room with sunrise ocean views and a nice view of the koi pond. It has a queen sized bed and a day bed and can sleep 3. Loblolly is our only room with an unattached bathroom. The bathroom is private (never shared) and is steps down the hall. It has a claw foot tub with a shower attachment and an antique marble sink.

**The Pebble Beach Room** is a spacious, romantic corner room with views of the village, bay and sunsets. It has a king sized bed, electric fireplace and a sitting area for two. The en-suite bathroom features a claw foot tub with a hand held (European style) shower head and granite topped vanity.

**The Front and Back Beach Suite** is a two room suite. The cozy bedroom has a queen sized bed and an electric fireplace with ocean view. The sitting room features a sofa and TV, and views of the cove and the sunrise. The sofa converts to a full sized bed so that this suite can accommodate up to 4. The two rooms are connected by a small Jack and Jill bathroom with a stall shower and granite topped vanity.

### Third Floor

**The Cape Hedge Beach Room** is a large, romantic room with sweeping views of the bay and village, a king sized bed, electric fireplace, sitting area and a kitchenette with a microwave, sink, refrigerator and coffee maker. The en-suite bathroom features a stall shower and a large granite topped vanity.

**The Long Beach Room** is a spacious retreat with beautiful sunrise and moonrise views over the cove, a king sized bed, electric fireplace, sitting area and a kitchenette with a microwave, sink, refrigerator and coffee maker. The en-suite bathroom features a corner shower and a marble topped vanity.
