First Floor

The Old Garden Beach Room is our only room on the first floor. It is a large, elegant room with a limited water view from the bay window. It has a queen sized bed and a pair of black leather wing chairs in front of the electric fireplace. The en-suite bathroom has a shower with a seat and grab bars and a pedestal sink.

Second Floor

The Loblolly Cove Room is a cozy room with sunrise ocean views and a nice view of the koi pond. It has a queen sized bed and a day bed and can sleep 3. Loblolly is our only room with an unattached bathroom. We supply cozy robes for the trip down the hall. The bathroom is private (never shared) and is steps down the hall. It has a large shower and a console sink.

The Pebble Beach Room is a spacious, romantic corner room with views of the village, bay and sunsets. It has a king sized bed, electric fireplace and a sitting area for two. The en-suite bathroom features a claw foot tub with a hand held (European style) shower head and granite topped vanity.

The Front and Back Beach Suite is a two room suite. The cozy bedroom has a queen sized bed and an electric fireplace with ocean view. The sitting room features a sofa and TV, and views of the cove and the sunrise. The sofa converts to a full sized bed so that this suite can accommodate up to 4. The two rooms are connected by a small Jack and Jill bathroom with a stall shower and granite topped vanity.

Third Floor

The Cape Hedge Beach Room is a large, romantic room with sweeping views of the bay and village, a king sized bed, electric fireplace, sitting area and a kitchenette with a microwave, sink, refrigerator and coffee maker. The en-suite bathroom features a stall shower and a large granite topped vanity.

The Long Beach Room is a spacious, retreat with beautiful sunrise and moonrise views over the cove, a king sized bed, electric fireplace, sitting area and a kitchenette with a microwave, sink, refrigerator and coffee maker. The en-suite bathroom features a corner shower and a marble topped vanity.
